

Designed to Make Your Life Easier in One Touch

An ultra small printer made to fit your needs. The convenient print screen feature makes printing with the ML-1660 laser printer as fast and easy as a simple touch of a button.

A compact laser printer with great convenience, the ML-1660. With its ultra compact elegant design, there's space for this little beauty anywhere. Clever built-in features like One Touch printing make the ML-1660 smart, as well as easy to look at. The ML-1660's low noise level, fast print speed, and easy power button ensure convenience and ease of use. With the Samsung ML-1660 printer, sometimes the best things in life do come in the small packages.

From the monitor to the page with just One Touch

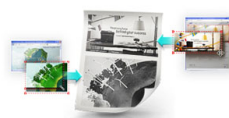

The ML-1660's Print Screen button lets you print the contents of your screen, quick and easy. Just One Touch is all it takes. A quick touch prints the whole screen, as you see it in your monitor. Hold the button for more than two seconds and the ML-1660 prints the last object that you activated in your monitor. Now you can print everything just as you see it.

Big features, small footprint

Looking for bigger performance from a desktop printer? Think smaller. Measuring a ultra compact 34.1 x 22.4 x 18.4cm, the Samsung ML-1660 has a smaller footprint and overall body size than any other laser printer on the market. It easily fits onto any size desktop while leaving plenty of room for you to get your work done. But don't let the ML-1660's ultra-compact size fool you: this is one featherweight who's ready to take on the heavyweight contenders any day.

Capture what catches your eye

Samsung's AnyWeb Print software lets you go hunting and gathering on the Web. You can utilise the ML-1660 to easily select, drag and drop content from different web pages onto a printable scrap board in your browser window, all while you surf. It's the easy way to collect, arrange and edit those useful reference points and resources you can only find on the Internet for that big project? or just for fun.

A printer with brains and beauty

Finally, your desk can look stylish because of your printer, not in spite of it. The Samsung ML-1660 laser printer has an elegant exterior design, sure to fit in with any workspace. Its glossy top cover looks chic and polished while offering dust-free protection. Spiff up your space with a desktop accessory that actually helps you work better.

One less noisy office distraction

You shouldn't have to struggle to hear yourself think while sitting at your own desk. That's why the Samsung ML-1660 is engineered to be whisper quiet, generating a noise level of less than 49dBA while it's printing. That's less than the gentle hum of a running refrigerator! A desktop printer that does its work while letting you focus on yours? Cool.

Easy access to energy efficiency

The Samsung ML-1660 features an easy-to-reach power button right on the front panel, so you can switch to an energy-saving standby mode at the push of a button. Ready to print? Just push the button again to power back up, and you're ready to go.

Lessen your wait, not your expectations

Quit losing productivity waiting around for your documents to print? the Samsung ML-1660's fast print speed (16ppm for A4 paper, 17ppm for letter-sized) will have you back to work in no time. The ML-1660 features a first page output time (FPOT) of just 8.5 seconds and an impressive 1,200 x 600 dpi print resolution, satisfying both your need for speed and your demand for quality.
