The SCX-6555N comes loaded with productivity enhancing features like an intuitive 7-inch colour touch-screen control panel, 80 GB hard drive, advanced colour scanning capabilities and more. With the SCX-6555N laser multifunction printer, it's not hard to imagine.

open architecture design

7-inch colour touch-screen control panel that can be customised to make your workflow easier.

high capacity

The SCX-6555N copies at a rate of 53 (A4) pages per minute. And when you add optional 500 sheet cassettes, you can increase paper capacity to 3,240 sheets.

built-in auto duplex print and copy

Print and copy two page documents. Forgot to print double sided? There is a one touch button on the printer that allows you to print double sided even if you have already started a job.

standard 80 GB hard drive

The 80 GB hard drive allows advanced features like collate printing, proof printing, delayed printing, confidential printing and password protected printing.

scan to email and scan to network

The scan to network feature is extremely useful when hard copies must be distributed across a networked environment, emailed or

simply saved to your PC in various formats. The powerful scan to e-mail feature allows you to choose recipients from your address book and e-mail documents directly from your printer. You can also send black and colour documents to multiple recipients.
